Birmingham Forward/ Teamworks Karting

Some of the movers and shakers of Birmingham got into gear for a spot of karting fun at a new state-of-the-art indoor karting venue.

Teamworks Karting Birmingham boasts Europe's finest kart track, the fastest indoor karts, licensed bar, catering and conferencing facilities for more than 100 people.

The venture had created 40 new jobs for local workers who have been re-skilled in the art of corporate hospitality as well as running the track.
